TALKING EGG COOKER

The smart egg cooker gives a perfect result every time, whether you like soft-boiled, smiling or hard-boiled. The egg cooker talks to you to let you know when the eggs have reached the different stages. You can set the egg cooker to speak 5 different languages - Norwegian, Swedish, Danish, English, and German. The egg cooker can make up to 6 eggs at a time on the removable egg holder. A measuring cup with a needle is also included. The needle is used to make a small hole in the egg before

cooking. In front of the egg cooker is a small storage compartment for the measuring cup so that it can be easily stored and does not disappear.
