

# Bowers & Wilkins

## Quickstart Guide

**How to connect your  
bluetooth devices  
(smartphone, tablet, etc.)  
with**

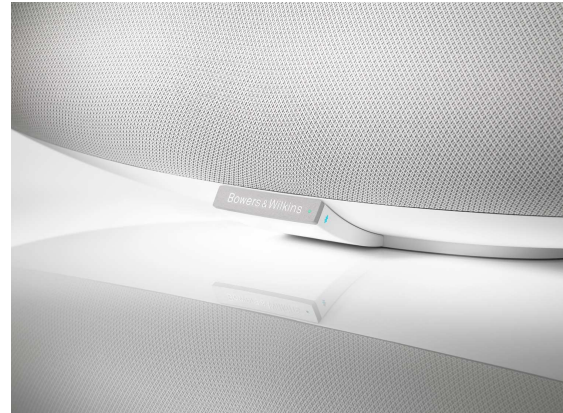

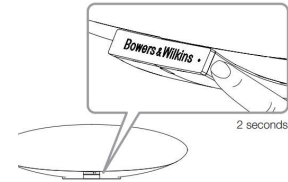

**Bowers & Wilkins  
Zeppelin Wireless**

# Bowers & Wilkins

## Zeppelin Wireless

1. Switch on Zeppelin by pressing the power-button on the back. Green LED on the front will light green.
2. Press and hold the *Bluetooth* button for 2 seconds, See picture on the right >>>  
The *Bluetooth* button will begin to flash blue and the pairing audio cue will sound.
3. Open the Bluetooth settings on the source device and ensure Bluetooth is switched on. Bowers & Wilkins Zeppelin Wireless will appear as an available Bluetooth device. Select Zeppelin and close the Bluetooth settings.
4. Zeppelin Bluetooth indicator will flash as pairing is underway and illuminate fully when pairing is established. Zeppelin will also provide audible feedback when pairing is established. (If asked put "1234" as BT code).
5. Start playback from your smartphone, tablet or enjoy the sound from an application on your device.
6. Volume can be adjusted with your smartphone or tablet. At every time you can control the volume by (+)- and (-)-button on the back of the Zeppelin.
